Hobart, TAS, 7000

Full Time

Aquaculture Award Rates + Super

ABOUT US

Scotvax is a family run and operated, premium vaccination company currently providing professional aquaculture vaccination and labour hire services to hatcheries and fish farms in Australia and New Zealand.

TASKS & RESPONSIBILITIES

- Work in Tasmania (including travelling to remote areas and working away from home).
- Work as part of a team (under your Aquaculture Vaccination Manger) of 2-10 vaccinators to administer vaccines to fish. Either by hand or using a machine.
- Be able to travel away from home to work on Mainland Australia and New Zealand.
- Learn to net fish for the hand vaccination or machine vaccination team (selected employees only)
- Learn to set up/clean up daily on-site operations for the process, eg tubs, tables, guns, needles.
- Learn to operate, maintain, clean, strip and repair a vaccination gun.
- Learn to change vaccines and needles.
- Learn to audit fish, recognise the anatomy and locate the vaccine deposit.
- Able to withstand long hours on your feet (2-3 hours at a time).
- Care in handling fragile materials, eg fish, vaccines.
- Any other duties as required by company/manager (aquaculture labour hire).
- Normally hours of work will be 7am - 4pm Monday to Friday (Hand Vaccinations)

REQUIRMENTS & EXPERIENCE

- No experience needed, we will fully train you for this position.
- Must be living in Hobart, Tasmania
- Be able to work ongoing full time Monday - Friday
- Have own vehicle/transport (local jobs only, transport will be provided for further away jobs).

BENEFITS

- Opportunities for progression, development and further training
- 15% increase per hour for trained machine netters
- Overnight, travel and driver allowances
- Casual conversion available
